

TAKE OFF ST

Take Off[®] seed treatment optimises the establishment of your Spring Crop to maximise your profits

Getting your crop off to a strong start is the first step to ensuring maximum yield. Take Off[®] ST helps improve seed establishment as well as root and shoot mass.

The effects of Take Off[®] ST on Spring Barley Propino, North Yorkshire – Drilled on 17/04/15

Fuego Spring Beans Drilled on 20/03/15, picture taken 23/04/15

Key Benefits:

- + Healthier crop
- + Enhanced emergence
- + Enhanced rooting
- + Increased yield potential
- + Improved drought tolerance

Optimise establishment and stimulate growth

Once the seed starts to grow, Take Off provides active nutrition to get the crop off to the best start.

Take Off stimulates and promotes growth at this critical stage of the life of the crop, generating an average 3:1 return on the cost of treatment.

All Agrii cereal seed is available with Take Off ST.

To find out more information about Take Off ST and how it can help maximise your profits, please speak to your Agrii agronomist. Alternatively, you can contact the Moreton Seed Office on **01277 898202**.

A new and unique dual acting Manganese Seed Treatment

Early Manganese deficiency reduces yield. i-Man™ utilises different Manganese chemistry that, when in direct contact with soil particles, is protected from lock up and is available for root uptake – plus it's unique with both penetrant and root activity.

Agrii Trial 15340 – Manganese Seed Treatment
KWS Glacier winter barley – Drilling date 25/09/14

i-Man™ Dual Acting Seed Treatment

Seed Treatment		Crop Biomass (1-9)	
Product(s)	Rate (ltr/tn)	10/02/2015	06/03/2015
Redigo Deter	2.0	5.0	6.0
Redigo Deter + NMS	2.0 + 3.0	5.3	6.0
Redigo Deter + i-Man™	2.0 + 3.0	6.3	6.6

Control

Visual early crop growth differences from i-Man

i-Man

“At AgriiFocus, for the post winter assessments, there was a clear improvement in crop biomass from the i-Man. This suggests that it is helping the plant through the stresses of winter.”

All Agrii cereal seed is available with i-Man Seed Treatment.

To find out more information about i-Man Seed Treatment and how it can help maximise your profits, please speak to your Agrii agronomist. Alternatively, you can contact the Moreton Seed Office on **01277 898202**.
